When changing a PURFLUX fuel filter with an aluminium end section on a Twingo, Megane, Laguna and Safrane phase 2 vehicle fitted with fast-fit fuel lines, it is necessary when refitting to apply multi-function grease, part number 77 01 422 308 onto the end sections of the filter to prevent the connections from sticking.

The repair methods given by the manufacturer in this document are based on the technical specifications current when it was prepared.

The methods may be modified as a result of changes by the manufacturer in the production of the various component units and accessories from which his vehicles are constructed".
